DIRECT FROM OUR
FARM TO YOU

You may buy cheaper bulbs, but better bulbs you cannot buy. We grow millions of them and give you all we can for your money.

Waterloo Bulb Farms
WATERLOO, IOWA

APPRECIATION

We wish to extend our thanks to those who, after growing our bulbs or seeing our flowers, have been kind enough to recommend our bulbs to their friends. We also wish to acknowledge the many letters we have received praising our bulbs and the flowers grown from them. To all our friends and customers, new and old, we extend our best wishes for a happy and successful New Year, 1938.

OUR MONEY-BACK GUARANTEE

Remember that if any bulb or root obtained from us is not exactly as represented to be or what you have a right to expect, they may be returned to us and all charges refunded to you at once.

OUR TWINS

Our twin grandsons, Raymond and Russell, passed their third birthday November 7 and are getting to be real big boys. Of course they have to oversee everything and watch out that things are done just right and it keeps them pretty busy. They look so much alike they are always being miscalled, but they set us right in a hurry. They like to entertain callers and are always ready to put on their act.

VISIT OUR GARDENS

You are always welcome to visit our gardens. Come any time—in the spring when tulips, iris, and peonies are in bloom; later, from July 15 to frost, we have acres of gladiolus and dahlias blooming.

The best way to select new varieties for your garden is to see them growing. We also have many perennial and annual plants which are very interesting. You are under no obligation to buy.

We also do a complete florist business during the summer season, furnishing flowers for any occasions—weddings, funeral designs, and so on.

We are located one and one-half miles S. E. of the Waterloo City limits on Highway 218.

We grow the bulbs we sell you and we endeavor to give you the best that money can buy and at a reasonable price. We don't mean at the lowest prices, because we have found that low priced goods generally have little else to recommend them and that if a product is not good enough to be sold at a reasonable price, it should not be sold at all.

FLOWER AND VEGETABLE SEEDS

We carry a large assortment of common and novelty seeds. We can furnish you with almost any seed or bulb grown. We will be pleased to handle your requirements in any amount. Only the best seeds and reliable brands are sold.

SPECIAL PLANT FOOD

We use a commercial fertilizer mixed for our needs. We can supply this in any quantity. Contains every mineral required for plant growth. Seven or eight pounds will furnish two applications for a 100-foot row. Price: under 10 lbs., 3 cents per pound; over 10 lbs., 2 cents per pound. F. O. B., Waterloo. Express rates are extra but reasonable to Iowa points.

THRIP AND TREATMENT

We still hear of thrip in some localities but growers are learning how to prevent serious infestions. We treat and we advise everyone to treat bulbs before planting. By using some treatment before planting, you may be sure to kill any insects on the bulbs and planting thrip free bulbs is a long step in getting rid of them. After bulbs are dug and cured, place in tight paper bags with one ounce of napthaline flakes to each one hundred bulbs. This forms a gas that kills the thrip and eggs. Leave several weeks but be sure bulbs do not sweat or mold.

For treatment at planting, use corrosive sublimate, one ounce to five gallons of water in wooden or earthen jars. Leave several hours or over night. This treatment is also good to use against scab and disease.

For spraying plants, use two tablespoons of paris green, two pounds of brown sugar and three gallons of water. Spray on both sides with plenty of force.

Thrips do not survive out of doors in cold climates, so if your ground freezes several inches deep the only danger is from bulbs or roots in storage. Always keep bulbs in cool places as little above freezing as possible.

TO SAVE WEEDING

When covering bulbs, hill up the dirt over them so the ground is a little higher than between the row. When the first weeds appear or when crust forms, rake off level. The next time you rake, hill up the row again. What small weeds are not killed by raking will be smothered by the dirt. If raking is done with care you will not damage spikes and you will save much hand labor. Try this on your other garden crops. We rarely have any use for a hoe.

GIFT SUGGESTIONS

What could make a more beautiful or enduring gift than a nice assortment of flower bulbs for birthdays or other occasions. We will mail them directly to the recipient packed in an attractive colored package and enclose your card. Just pick out any collection or assortment you wish and we will do the rest. The gorgeous flowers will always remind your friends of your thoughtfulness when other gifts may be forgotten.

EXTRISTRONG GLADIOLUS

If, on account of scarcity of some varieties, we do not list them wholesale and you desire to add them to your wholesale order, we will add enough bulbs to pay carrying charges.

Please note that you may buy from our wholesale price list at very low prices. We can make these reasonable prices because of increased volume of bulbs and less trouble in packing and labeling than in small lots. Although you pay the express charges on wholesale orders, this is much cheaper on larger shipments. We advise increasing your orders to take advantage of these prices. You will never have too many glads.

ORDER EARLY

We advise ordering early as many varieties are sold out soon. You may reserve orders now for later shipment for 25% down, balance before shipment or C. O. D. On account of warm weather, we can not hold after June 1.

GLAD COLLECTIONS

We are offering below two collections which contain some of the most desirable varieties it is possible to obtain. Both are well assorted containing the best of the old and new favorites. We believe that no other collections have a better range of color and class. Others charge much more for poorer assortments. Either collection for $1.50; both for $2.75; four for $5.00. EXTRISTRONG IRIS

Iris are among the easiest flowers to grow and need very little attention. The flowers come very early when flowers are scarce and appreciated. Use liberally for borders, along walks and drives, and round flower beds. The first cost is the only cost and if they are taken up and divided in a few years, will return the investment many times. You may plant separately although three roots make a showing much quicker. Early planted roots bloom better the first year but it is safe to plant iris any time.

"S"refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals.

The price of ten iris is eight times the price of one.

AMBASSADOR. Late S—smoky purple; F—velvety purple maroon. Very popular. Each, 15 cents.

EXTRISTRONG PEONIES

In offering the following short list, we have tried to include only the most reliable and popular varieties. Many new ones are introduced every year and, as they are proved good, we will add them to our list. The high prices asked for new peonies, as well as new gladiolus, dahlias, iris, and so on does not necessarily mean that they are better than old ones but that they are scarce and not available in large quantities. As soon as they become plentiful, they will have to stand on their own merits; they will either supercede other varieties or pass from existance, as, indeed, many do before becoming plentiful. ..Peonies are best planted in the fall anytime until the ground is frozen.

COURONNE D'OR. Snow white, yellow reflex; very large. Late. 40 cents.

BLACHIE. Red. 40 cents.

DUCHESS DE NEMOUIS. Early sulphur white. Fragrant. 40 cents.

EDULIA SUPERBA. One of the earliest deep pink; sometimes blooms for Decoration Day. A loose crown type flower. Showy. 35 cents each.

FELIX CROUSSE. A deep rose red. 40 cents each.

FESTIVA MAXIMA. Early broad guard petals surrounding a mass of rich white petals flaked crimson. 35 cents each.

KARL ROSENFIELD. A brilliant large semi-rose type slightly fragrant. 40 cents each.

LA TULIPE. Delicate pink; outside petals striped with tulip markings; fragrant. 35 cents each.

LONGFELLOW. A brilliant crimson. One of the most popular in garden and show room. 60 cents each.

MARY BRAND. One of the best reds; stems strong enough to hold large blossoms upright. Yellow stamens showing in center. 75 cents each.

MARIE LEMOINE. Large late cream white. 50 cents.

MONS. DUPONT. Late cream. 50 cents each.

MONS. JULES ELIE. One of the largest and most beautiful globe type varieties. Broad guard petals guarding curved petals of flesh pink. All covered with a silver sheen. 60 cents each.

QUEEN VICTORIA. A good whie used as a cut flower. 35 cents each.

ROSE FRAGRANS. Pink. 40 cents each.
